

Welcome to Kindercentrum de Speelbrug. A safe environment where children from 0-12 years can play, learn and discover.

Why this page? There are many parents who use our day care who have a different mother tongue. We would like to cater for these parents with this page full of information about our organization.

Please understand that we cannot translate all communications.

Do you need a personal conversation? It is possible that we arrange an interpreter for the conversation. Please contact us via info@speelbrug.nl or 0252-533943.

Mission

Kindercentrum de Speelbrug is a professional organization that provides quality childcare to children, parents and others in the area that interact with us. De Speelbrug wants to meet the current demand for more and flexible options for child care. Together with the employees we intend to carry out this mission.

Vision

Kindercentrum de Speelbrug aims at day care where a child feels safe, at home and at their ease, in which we respond to the needs of the individual child. We aim at creating a homely and welcoming day care with a personal touch.

Extra curricular day care (4 – 12 years)

When your child visits school we are there to take care for him or her before, between and after school time in Hillegom, Noordwijk, Noordwijkerhout, Rijnsburg en Voorhout.

Before schooltime (06:45 – 08:30)

No rush in the early morning and always a good start at school with energy for your child with a healthy breakfast! From 06:45 our doors open on all school days. (In Voorhout we are ready for the Early Pre-school care from 06:00.)

You might want to use the pre-school care on fixed days, so you can go to work before the traffic jams or you have to work an early shift. But perhaps you want to make use of it once if you have an early appointment with the doctor. There are several ways to use the pre-school care. Fixed days, separate occasions, flexible hours. We are available for you!

The pre-school care provides your child the opportunity to calmly wake up, play a game with a friend, draw a picture or have a story read out to her/him in the lounge area. All under the guidance of a fixed team of qualified pedagogic employees.

We offer pre-school care in:

- [Noordwijk](#)
- [Noordwijkerhout](#)
- [Rijnsburg](#)
- [Voorhout](#)

Lunchtime care

Does your child stay at school for lunch? Then the team at Kindercentrum de Speelbrug is available. Together we provide a cozy and quiet moment to eat and relax.

Once the school bell rings to mark the lunch break, the supervisor is ready to sit down with the children to eat. The children can expect a cozy moment with a tasty, full lunchbox from home. After eating and drinking, there is plenty of time and room to play. Children can go out to run, climb, play football or marbles, or they can stay inside to draw, make puzzles, chat or play a game. As a result they will return to the classroom rested and relaxed.

For 17 primary schools in Voorhout, Noordwijk, Rijnsburg and Hillegom the lunchtime and after-school care are a lot more active since March 1, 2016. The schools are participating in the Samen1Team concept that is being realized through Kindercentrum de Speelbrug, the Ricardo van Rhijn Foundation (RvRF) and Sport2D. They have joined forces and as Samen1Team they work intensively with children in the field of sports, creativity, talent development and education.

After-school care

At the after-school care of Kindercentrum de Speelbrug each child gets the opportunity to discover his talents in a playful manner. There are a wide range of possibilities offered within the day care, fitting to the different stages of life of the child.

The pedagogical staff provides homeliness and individual attention within the core group of the children by socializing, playing games or read for them. In addition to a wide range of toys, there is also the possibility to do homework, chill or read a book.

We offer after-school care in Noordwijk, Noordwijkerhout, Rijnsburg and Voorhout.
